Message from the Chairman

Dear Member,

It is my privilege to communicate with you through this 5th Annual Report of your Company. I am pleased to share with you that after a long and arduous journey, the completion of the much-awaited Assam Gas Cracker Project is now within sight. I am sure that with the support of all stakeholders we would be able to complete the project as scheduled.

The Cabinet Committee on Economic Affairs approved the revised cost estimate of ₹ 8920 Crore for the project in November 2011 along with a revised schedule with mechanical completion by July 2013 and commissioning by December 2013. With this development there has been a renewed enthusiasm in Team BCPL. As I present this Annual Report of your Company for the year 2011-12, I am happy to inform that there has been a marked improvement in performance and the overall physical progress at the end of 2011-12 was 67.6%, of which around 32% has been achieved during the present fiscal. The efforts of Team BCPL which have been instrumental in driving this performance are indeed commendable.

Looking ahead with optimism, I am hopeful that we will achieve our goals while meeting our commitment of contributing to the all-round socio-economic development of the North-Eastern region. It is truly gratifying that this project will provide significant employment opportunities, both direct and indirect in the region. It is also expected to drive growth in downstream industries, which in turn would create opportunities in engineering, construction and service sectors. To realize the same, we continue to count upon unwavering support of the Central Government and of the joint venture promoters namely, GAIL (India) Ltd., the Government of Assam, Numaligarh Refinery Ltd. and Oil India Ltd.

The future bodes well for your Company as the Indian petrochemical industry is one of the fastest growing in the world. At present, the per capita consumption of

plastics in India is about 1/4th of the global average. The per capita consumption in North East is much lower than even the national average and this gap points towards future growth potential. Our product slate is optimally placed to tap the growth being witnessed in Polyethylene and Polypropylene markets. The initiative taken by the Government of Assam for the establishment of a Plastic cum Industrial Park for future development of polymer and associated industries in Assam and nearby areas will result in higher demand and higher per capita consumption of polymers in the North Eastern region. Your Company will also benefit from the marketing arrangement with its co-promoter, GAIL (India) Ltd., in terms of marketing expertise and network besides savings in creation of new infrastructure.

Our employees are our greatest assets and the brand ambassadors of the Company. It has therefore been our constant endeavour to attract and retain human talent and provide a congenial working environment with the right motivation, without compromising on organizational needs.

Your company is also keenly conscious of its social responsibilities and has initiated steps in this direction despite still being in the project implementation stage. Health care, hygiene, education, infrastructure development and environment are the thrust areas of its CSR policy. The management of your Company is also committed to demonstrating the highest standards of Corporate Governance to meet the interests of all stakeholders. A report on Corporate Governance forms a part of this Annual Report.

I once again assure you of our continued commitment in successfully completing this project and I seek your continued support in accomplishing the same.

However, the total foreign exchange expenditure on account of import of technical knowhow, indigenous contracts and supplies to the tune of ₹ 460.83 crores has been incurred during the year under review.

Particulars of Employees

None of the employees are drawing the remuneration specified under Section 217(2A) of the Companies Act, 1956 read with the Companies (Particulars of Employees) Rules, 1975 for the year ended 31st March, 2012.

Human Resource

Your company considers its human resource as the fundamental strength on which all strategies are based and utilizes them as a means for ensuring sustained growth. The main focus

BCPL Foundation Day, 2012 celebrations

of the HR Department is to attract, retain and develop employees from diverse backgrounds, talents and experience and to ensure that the best possible skill and talent is available to formulate, implement and evaluate the strategies for achieving organizational objectives. The employees are exhibiting exemplary team spirit for faster execution of the project.

The manpower strength of your company as on 31st March, 2012 was 147 out of which 70% are from the North East Region. In addition 34 executives are on secondment/deputation from the promoter companies and 1 from the Government of Assam. The process of recruiting the additional human capital required for construction, commissioning and operations & maintenance phases have been

initiated. Adequate representation is being given to female employees and minorities who account for more than 20 % and 7% respectively of the total employee strength. Priority is also being given to engage local labour for skilled/semi-skilled/unskilled works through contractors working at site.

Industrial Relations

At present approximately 7000-8000 contract labourers are engaged at the project site at Lepetkata. Though there were some labour issues in the recent past, this was effectively handled

Republic Day 2012

with the joint effort of the district administration and the management. At present the situation is absolutely normal and industrial tranquility is being well maintained at site.

A Grievance Redressal Committee consisting of senior officers including the Advisor-Coordination and Officer On Special Duties has been constituted to handle day to day labour grievances in coordination with the contractors' representative and the contractors' workers for prompt disposal and for maintenance of a harmonious work environment.

Management Discussion and Analysis Report

Industry Structure and Developments

Broadly categorized into building blocks, plastics, synthetic rubbers, synthetic fibers, fiber intermediates and basic chemicals, Petrochemicals play a vital role in the economic growth with the global petrochemical industry currently growing at 1.2 to 1.3 times the global GDP growth. This growth is primarily being driven by the emerging economies currently.

Ethylene and Propylene are the two major building blocks or monomers. While Ethylene is derived from Naphtha or Gas Crackers, Propylene is derived as a co-product from Naphtha Cracker and from Refinery FCC streams. A wide range of plastics raw materials are produced from Petrochemicals to cater to the different sectors of the economy including packaging, agriculture,

infrastructure, healthcare, textiles and consumer goods. Petrochemicals are rightly termed “the enablers” for growth of other sectors of the economy. The polymers Polypropylene (PP), Linear Low Density Polyethylene (LLDPE) and High Density Polyethylene (HDPE), the primary products of the company are essentially used in the manufacture of plastic products.

The major plastic materials like PE and PP are derived from the olefins, Ethylene and Propylene. Global demand of plastics has risen to nearly 199 million tonnes with commodity plastics like Polyethylene (PE), Polypropylene (PP), Polyvinyl Chloride (PVC) and Styrenics being the major contributors. Polyethylene is the largest volume plastic raw-material used by the industry while PP today is the second largest and fastest growing plastic.

With a humble beginning in the mid-sixties, the Petrochemical industry in India today has global sized plants catering not only to local demand but also to the international markets. Ethylene and Propylene capacities in India have reached significant levels. In the year 2011-12, Ethylene had a demand of 3785 KTA against the installed capacity of 3867 KTA, while Propylene had a demand of 3700 KTA against the installed capacity of 4117 KTA.

Demand in India (KT)

Echoing the global trend, in India too PE continues to be the largest commodity with LLDPE experiencing the fastest growth. PP has been the fastest growing polymer amongst commodity plastics.

Naphtha and natural gas fractions (C2/C3) are the two main sources of feedstock for the petrochemical industry. India has three naphtha-based and three gas-based cracker units with a combined capacity of 2.9 million MT per annum. Four new cracker units including the company's

own are expected to start up by 2015.

So far India has worked towards self-sufficiency in petrochemicals, which has been achieved. Time has come to look at export of finished products and

create export oriented petrochemical capacities. Though one of the fastest growing industries in the country, there is a waning of interest in this sector due to recent adverse investment climate including low import duties on petrochemical products, high energy cost coupled with high internal transaction costs and the establishment of large scale capacity in the Middle East backed by subsidized feedstock.

Strengths and Weaknesses

Adoption of the dual feed technology is a major plus in the project considering that Natural Gas fractions C2/C3 are not freely tradable. This technology provides an option for replacing Naphtha with Natural Gas as feedstock without resorting to changes. This reduces dependence on a single feedstock. Feedstock will not be a constraint and there is sufficient domestic demand.

Being an offspring of the Assam Accord, this prestigious project has strong support both from the Government of India as well as the Government of Assam, which has been instrumental in driving it forward to its present stage.

With considerable experience and expertise in the hydrocarbons sector, the promoters have been backing the project at every stage since inception. Manpower requirement has been supplemented by the promoters on secondment/deputation basis, thus providing the requisite expertise in construction, commissioning, operation and maintenance of petrochemical and gas processing units. The wide and varied experience of EIL, the Project Management Consultants has been a major support in the erection and construction activities.

Another major strength is the marketing tie-up with GAIL, which has been in the field of petrochemicals for more than a decade. Further,

there is adequate potential for development of downstream projects in the state of Assam and the state government is extending full support in this respect. A Plastic Park has been set up in Tinsukia by the Government of Assam, towards this end. Market prospects in neighbouring countries including Myanmar and Bangladesh are also bright.

One of the major weaknesses of the project, which is highly capital intensive, is its reliance on capital and feedstock subsidies. The possibility of cessation of government support in these respects in future would be a cause for concern. Moreover, India having a very high import duty of 5% on Naphtha has resulted in nil duty differential between feedstock and finished products (polymers) and this does not bode well for financial viability in the manufacture of polymer from Naphtha. In this respect, the upside, however, is the dual feed technology adopted by the company.

Logistical disadvantages due to its location coupled with inadequate infrastructure in the region are a serious setback both in terms of transporting equipment to the project site and in future, the despatch of materials from the plant. Prolonged and heavy rains and climatic conditions have caused major disruption in construction activities. Insufficient availability of quality power and the high cost of energy will remain areas of concern. The location of the project has also been a deterrent in attracting and retaining quality manpower. However, with the introduction of better facilities and benefits, the prospects are now much brighter.

Opportunities and Threats

Plastics today find widespread use in all major sectors and its demand is perceived as an indicator of industrial growth and development.

Over the last thirty years, global polymer demand, i.e. demand for commodity plastics has grown almost 5 fold from 36 MMT in 1980 to 169 MMT in 2010. Diverse factors including favourable demographics, rising disposable income, development of rural marketing, growth of organized retailing, development in agriculture, automobile, telecommunication and health care signify immense promise for future growth in the sector. At present, the per capita consumption of plastics in India is about 7 kg as against the global average of 28 kg. This gap is an indication of the growth potential in the industry.

Availability of relatively cheaper labour as compared to developed markets of the world provides an opportunity to expand capacities. The northeastern region in particular has large availability of labour at relatively cheaper wages.

The northeastern region has one of the lowest per capita consumption of polymers and plastics in India. In the absence of any major competitor in the region, your company can take advantage of the growing demand. Downstream industries are expected to emerge.

Cost of feedstock constitutes the single largest component of the cost of production. High feedstock cost in India as compared to the middle-east where the cost is only a fraction of that in India, places our producers at a competitive disadvantage. Cost competitiveness has to be ensured to withstand the threat from cheaper imports under the open market regime. Dumping of cheaper products by low cost producers is a cause for concern in this sector.

Growing environmental concerns and the negative perception over the use and disposal of plastics is seen as a threat to the industry. However, developments in the field of biodegradable and photodegradable plastic, improvement in quality of products with reduced negative impact on

environment negate this threat perception to a great extent.

Despite growing demand, the possibility of decline in rate of growth in domestic demand due to high inflationary pressures cannot be ruled out. Prices in the petrochemical industry are also highly volatile with the industry passing through 6 to 8 year cycles of peaks and lows.

Segment wise or Product wise Performance

The company is still in the project execution stage.

Outlook

The last global economic meltdown had dampened the growth prospects of the industry. The process of economic recovery and improvement in market sentiment over the last few years brought in its wake sporadic investments in the petrochemicals sector. The business environment and outlook in the petrochemicals sector have improved and some of the planned projects like the IOC petrochemicals complex, HPCL- Mittal Energy Limited, expansions by GAIL and HPL, have materialized. Though some greenfield investments including PCPIRs are being pursued, adequate government support would be called for without which the full growth potential in the sector cannot be realized.

Though the aggressive reduction in import tariff post liberalization adversely affected the polymer producers in the country, the latter have now adjusted to the low tariff regime and have become globally competitive. The domestic consumption in India has also witnessed a healthy growth due to the lower prices.

The demand for building blocks is based on projected downstream capacities for polymers, synthetic rubber etc. New capacities are being planned and requirement of building blocks are

expected to grow from 6.4 MMT to 13.5 MMT over the next five years. Commodity polymers are enjoying a rate of growth above the GDP growth and the trend is expected to continue. All polymers are expected to grow at approximately 10% CARG during the 12th plan period and substantial increase in capacities of LDPE, LLDPE, HDPE are expected along with small increase in capacities of PP and PVC. However, growth in demand will outpace the growth in capacities.

So far as your Company is concerned, the plant is expected to be commissioned and go into commercial production in December, 2013.

Risks and Concerns

A major concern has been delay in scheduled project implementation and resultant cost escalation. However, persistent efforts are on to complete the project as per revised schedule and no further delay is expected. Project progress has improved in the recent past and the overall physical progress was 67.6% as on 31st March, 2012.

Though feedstock availability concerns are mitigated due to firm arrangements ensured by the Government of India for 15 years of plant operation, the long term availability, particularly of Natural Gas is to be ensured. Cost of feedstock is the biggest component in the cost of production of petrochemicals and future feedstock pricing is an area of concern as prices would be reviewed every five years from the date of production. There has already been a substantial increase in prices of feedstock since the time of approval of the project. Further, the possibility of cessation of government support in the form of subsidies in the future would remain a concern.

As the Company is in its construction phase it is not yet exposed to operational risks. However, efforts have already been initiated for risk management with a policy towards that end already in place to identify and mitigate construction phase, financial, operational and

other risks. The Company's legal compliances are subject to review by the Board of Directors.

Internal Control Systems and their Adequacy

Your Company exercises due care to ensure that there are sufficient internal controls for safeguarding its assets and protecting them against loss from unauthorized use or disposition. The company is following the systems and policies of its holding company till its own policies are defined and in place. A risk management policy is already in place. Periodic internal audit is being conducted presently by the Internal Audit team of the holding company and remedial measures are adopted whenever called for. In all cases involving financial implication, various limits and authorities are specified.

The Company's progress and activities are being continuously monitored and reviewed by GAIL and also by the State and Central Government authorities at the highest level.

Financial Performance with Respect to Operational Performance

The Company is yet to begin commercial operations.

Material Developments in Human Resources, Industrial Relations Front including number of People Employed

Your Company is committed to the recruitment and retention of quality human capital by adhering to an effective recruitment policy, training programmes aimed at performance improvement and development of core competencies along with steady introduction of attractive compensation and benefits, all the time maintaining a balance between individual and organizational needs. Recognizing the importance of its human resources as the greatest asset, due care is taken

to keep them motivated to contribute their fullest for the development of the Company which is still in its nascent stage.

During the year under review, the Company has considerably increased in own human capital base with adequate care to ensure major representation of the locals. Most of the skilled / semi-skilled / unskilled workers engaged in the construction work are from the northeast. The present human strength of the company is 182, out of which 33 are on secondment from GAIL, 1 each on deputation from NRL & the Government of Assam and 147 are the company's regular employees.

Environmental Protection and Conservation, Technological Conservation, Renewable Energy Developments, Foreign Exchange Conservation

Planting of sapling by Shri P N Prasad, Managing Director on Republic Day

The Company is keenly aware of the environmental concerns over a petrochemical plant and its responsibilities towards this end. Pollution control and other environment protection norms are being complied with. The project includes an effluent treatment plant for proper effluent discharge within the limit prescribed by the authorities. Once the project begins operations, the aspects of conservation of technology and foreign exchange and the development of renewable energy will gain significance.

Corporate Social Responsibility

Despite being in its construction phase, the company has initiated CSR activities to contribute to the society in the areas of health care, hygiene, education, infrastructure development & environment.

Profile of Directors being appointed / reappointed

Ms. Neel Kamal Darbari, Director retires by rotation at the ensuing annual general meeting pursuant to section 256 of the Companies Act, 1956 and being eligible offers herself for reappointment.

Ms. Darbari joined the Indian Administrative Service in 1987. She is a Post Graduate in English Literature, has undergone various training programmes in India and abroad and has also taken academic breaks to study for an MBA degree from Australia and M.Phil degree from University of Punjab, with a view to reconnect with evolving concepts of management and public policy.

As Joint Secretary in the Directorate of Chemicals & Petrochemicals since September 2008, her main charge in the department includes matters relating to CIPET, Assam Gas Cracker Project, PCPIR, etc.

Shri T K Ananth Kumar, Director retires by rotation at the ensuing annual general meeting pursuant to section 256 of the Companies Act, 1956 and being eligible offers himself for reappointment.

Shri T.K. Ananth Kumar is the Director (Finance) of Oil India Limited since 18.01.2007 and holds a Bachelor's degree in Commerce from Osmania University. He is also a Fellow member of the Institute of Chartered Accountants of India. He has 31 years of experience in the Oil and Petroleum Industry. Prior to joining OIL, he was the Director (Finance) of NRL for over three years and before that, he worked with HPCL for 23 years. He joined the BCPL Board as Promoter Director on 24.12.2008.

Shri S L Raina, Director retires by rotation at the ensuing annual general meeting pursuant to section 256 of the Companies Act, 1956 and being eligible offers himself for reappointment.

Shri S L Raina is an MBA from University of Hull, London, an LLB, a Master in Public Administration. He has a career spanning more than three decades in Hydrocarbon and Textile industries and has a very rich experience in human resource management as also marketing and legal at senior level.

Prior to becoming Director (HR) in GAIL, he headed various human resource departments of the company; he also spearheaded various CSR programmes. As Head of Legal Department, Shri Raina represented GAIL in various judicial, arbitral and administrative proceedings. He joined the BCPL Board as Promoter Director on 19.08.2009.

Shri S Venkatraman, Director retires by rotation at the ensuing annual general meeting pursuant to section 256 of the Companies Act, 1956 and being eligible offers himself for reappointment.

He presently holds a position of Director (Business Development) in GAIL and is in-charge of GAIL's Business Development, Project Development, Petrochemical operations, Exploration & Production and global ventures of the Company. He joined GAIL as Manager in December 1990 and served at various levels across different departments including Business Development, Marketing and Projects. He was part of the core team that worked on the development and implementation of GAIL's first gas based petrochemical complex right from its conceptualization to commissioning. Shri S. Venkatraman has done B.Sc. (Physics) from University of Madras, Madras in 1973. In 1976, he completed Diploma in Instrumentation from Madras Institute of Technology, and thereafter Diploma in Management from All India Management Association, New Delhi in 1989. He started his career in 1976 with Instrumentation Ltd., Kota and worked there at various levels till December 1990. He joined the BCPL Board as Promoter Director on 11.10.2010.

Dr. Neeraj Mittal, Joint Secretary, Ministry of Petroleum and Natural Gas was appointed as an Additional Director w.e.f. 06.03.2012. He is an IAS Officer from Tamil Nadu Cadre (1992). He is an electrical engineering graduate from IIT, Kanpur, holds an MBA degree from Cranfield University, UK and is a PhD (MIS) from Ohio State University, USA.

During his IAS career spanning over two decades, he has served in various departments/offices of the state and the centre including Land & Revenue, Mines and Minerals, Transport, Telecommunication, Commerce and is presently serving as a Joint Secretary in the Ministry of Petroleum and Natural Gas.

Shri P N Prasad, Managing Director, was appointed as an Additional Director w.e.f. 07.01.2012. Prior to his appointment as Managing Director he was heading the project as Chief Operating Officer of the Company since 22.02.2011. Shri Prasad is a Mechanical Engineer with an MBA in HR. He has a long association with GAIL since 1987. For several years in the past decade he was associated with the GAIL petrochemicals plant at Pata. Earlier in 2009, Shri Prasad had headed the BCPL Project as the Chief Operating Officer. Over the past 25 years Shri Prasad has gained varied experience and competence in the areas related to Operations & Maintenance, Project Management, and Contracts Management etc.

Shri P C Sharma, Part Time Non Official Director (Independent Director) was appointed as an Additional Director w.e.f. 16.12.2011. As an IAS officer, Shri Sharma retired as the Chief Secretary, Government of Assam. He is also an M Sc. (Chemistry) and a Law Graduate. Prior to his appointment as Independent Director in the Company he was on the Board of the Directors of the Company representing Government of Assam since the inception of the project up to March 2010. He has a wide and varied experience and long association with the Government of Assam in several important posts. Shri Sharma is a member on the Board of Directors of National Aluminium Company Ltd. and of Garden Reach Shipbuilders & Engineers Ltd.

Shri R T Jindal, Principal Secretary to the Government of Assam, Industries & Commerce Department was appointed as an Additional Director w.e.f. 22.05.2012. He is a 1983 batch IAS Officer from the Assam-Meghalaya cadre and has served at various levels in different departments of the Government of Assam. He has also worked in the Government of Punjab on inter cadre deputation from 1994 to 1999. He has been on central deputation with the Ministry of HRD/Tourism & Culture from 1996 to 2008. He is a Science graduate from Punjab University, Patiala and post graduate in Chemistry from Punjab Agriculture University, Ludhiana.

Audit Committee

The Audit Committee presently comprises of five members and Shri P C Sharma, a Non-official (Independent) Director is the Chairman thereof. The terms of reference for the Audit Committee have been framed in line with the DPE Guidelines on Corporate Governance.

Four meetings of the Committee were held during the year under review on 05.05.2011, 29.07.2011, 23.11.2011 and 06.03.2012 and the details of attendance by the members during 2011-12 are given below:

Name of Directors	No of meetings attended
Shri P C Sharma, Chairman (w.e.f. 06.03.2012)	1
Shri R.K. Dutta	3
Shri Dipak Chakravarty	4
Shri T.K. Ananth Kumar	2
Shri P K Jain	4

Other Committees

The Remuneration & HR Committee, headed by a Non-official (Independent) Director comprises of the following three members all of whom are non-executive Directors:

Shri P C Sharma, Director : Chairman

Shri T K Ananth Kumar, Director : Member

Shri S L Raina, Director : Member

During the year under review four meetings of the Committee were held on 27.06.2011, 12.09.2011, 08.10.2011 and 07.02.2012. The Committee recommends the perquisites, facilities and other benefits of the employees for consideration of the Board. It also reviews and recommends the formulation of HR policy in the company.

An empowered **Committee of the Board on Contracts and Procurement** is also in place for expeditious clearance of approvals for the project.

Remuneration to Directors

Being a Central Public Sector Enterprise, the appointment of the Whole-Time Directors and the terms & conditions thereof including remuneration are determined by the administrative ministry, the Ministry of Chemicals & Fertilizers.

The details of remuneration paid to the Whole-time Directors of the Company during the financial year 2011-12 are as below:

Name	Date of Appointment	Salary & Allowances (₹)	Contribution to PF, Gratuity and Other Funds (₹)	Other Benefits and Perquisites (₹)	Performance Linked Incentives (₹)	Total (₹)
Sh. P N Prasad (Managing Director)	11.01.2012	4,82,470	41,067	1,48,416	--	6,71,953
Sh. Rakesh Kumar Director (Finance)	04.01.2010	20,28,347	1,56,161	7,86,958	--	29,71,466

The Part-time Non-official Director is not being paid any remuneration other than sitting fee, which amounted to ₹ 40,000 during the year. The Nominee Directors do not receive any pecuniary benefits including sitting fee from the company.

General Meetings

The details of the last three Annual General Meetings are as follows:

No. of the AGM	Date	Time	Venue	Any Special Resolution Passed
2 nd	09.09.2009	04:30 PM	Hotel Brahmputra Ashok, M.G.Road, Guwahati	None

No. of the AGM	Date	Time	Venue	Any Special Resolution Passed
3 rd	17.07.2010	10:30 AM	Hotel Brahmaputra Ashok, M.G. Road, Guwahati	Yes (Authorization for further issue of shares pursuant to Section 81)
4 th	29.07.2011	4:00 p.m.	Hotel Brahmaputra Ashok, M.G. Road, Guwahati	None

During the year under review an Extraordinary General Meeting was held on 16th December, 2011 and special resolutions were passed thereat for approving the following agenda:

- (i) To increase the authorized share capital from ₹ 1200 crores to ₹ 2000 crores.
- (ii) To enhance the borrowing powers of the Board of Directors u/s 293(1)(d) of the Companies Act, 1956 from ₹ 2,800 crores to ₹ 4,000 crores.

5th Annual General Meeting

Date : Monday, 27th August, 2012

Time : 3.00 p.m.

Venue : Registered Office

Annual General Meeting 2010-11

Disclosures

- (i) The related party transactions are disclosed in the notes to accounts forming part of the annual report.
- (ii) The Company has complied with the requirements of the DPE Guidelines on Corporate Governance, save and except the composition of the Board with respect to number of Nominee Directors and Independent Directors. The Board has requested for a special dispensation from the Government of India regarding reduction in the number of Nominee Directors appointed as per JV Agreement, as the Company is still in the project implementation stage. An Independent Director was appointed by the Government of India during the year under review and the appointment of another is in process with the Government.
- (iii) The Company now has a Whistle Blower Mechanism as per which the Public Interest Disclosure and Protection of Informer (PIDPI) Resolution No 89 of Government of India is being followed.
- (iv) A mechanism for Risk Management has been put in place to identify and mitigate construction phase, financial, operational and other risks.

Audit Qualifications

For the 5th successive year there is no audit qualification in the report of the Statutory Auditors on the accounts of the Company for the year ended 31st March 2012.

Means of Communication

The company now has a website www.bcplonline.co.in. There is a dedicated cell for information sharing with stakeholders through the use of information and communication technologies particularly through its website. The company periodically disseminates information through press releases and its annual reports.

AUDITORS' REPORT

We have audited the attached Balance Sheet of Brahmputra Cracker and Polymer Limited, Guwahati, Assam as at 31st March, 2012, and also the Statement of Profit and Loss and the Cash Flow Statement of the company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As required by the Companies (Auditor's Report) order, 2003 issued by the Ministry of Finance, Central Government of India in exercise of the powers conferred by sub-section (4A) of section 227 of the Companies Act, 1956, we enclose, as an annexure a statement on the matters specified in paragraphs 4 of the said Order.

Further to our comments in the Annexure referred to above, we report that:

1. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
2. In our opinion, proper books of accounts as required by law have been maintained by the Company so far as appears from our examination of those books.
3. The Balance Sheet and Cash Flow Statement dealt with by this report are in agreement with the books of accounts maintained.

4. In our opinion, the Balance Sheet, and the Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956.
5. The provision of clause (g) of Sub-Section (l) of Section 274 of the Companies Act, 1956, are not applicable to the Company.
6. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with notes thereon give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.
 - a. In the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2012, and,
 - b. In the case of the Statement of Profit and Loss, of the lack of transactions revenue in nature, given the operational status of the project, and
 - c. In the case of the Cash Flow Statement, of the Cash Flows of the company during the year under audit.

Annexure to the Auditor's Report of Brahmputra Cracker &
Polymer Limited for the period ended 31st March, 2012
(Referred to in para 3 of our Audit Report)

As required by the Companies (Auditors Report) Order, 2003, issued by the Central Government, and on the basis of such checks we considered appropriate, and according to the information and explanations given to us, we further report that:

1. The Company has maintained proper records showing full particulars including quantitative details of Fixed Assets, as well as the situation of these Fixed Assets.
2. It has been represented to us that a physical verification covering a section of Fixed Assets has been carried out during the year under audit. It has also been represented to us that a scheme for verification of the entire assets every three years has been put in place. No material discrepancies had been noticed during the verification.
3. Substantial portion of the Fixed Assets of the Company have *not* been disposed off during the year.
4. Physical verification of finished goods, stores, raw materials and spare parts does not arise as the company is not, at present, maintaining inventory. Stocks of construction materials are, in the main, under the custody of Engineers India Limited who have certified that the material statement maintained at BCPL was correct.
5. The company has not taken or granted any loans from related parties in respect of whom entries are warranted in a register maintained under section 301 of the Companies Act, 1956.
6. In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the company and the nature of its business for the purchase of construction materials and fixed assets.
7. It has been represented to us that the company has not made transaction with any parties whose names warrant entry into the register maintained under section 301 of the Companies Act, 1956.
8. The Company has not accepted any deposits from the public.
9. In our opinion, the company has a system of internal audit which is commensurate with the size and nature of its activities.
10. Maintenance of cost records u/s 209(1)(d) of the Companies Act, 1956, is not applicable at present as the company has not commenced operations, nor have such records being prescribed under the Act.
11. The company has been regular deposit of undisputed statutory dues, including Provident Fund, VAT, Service Tax, Customs Duty, Income-tax etc with the relevant authorities. We have been informed that no undisputed amount was payable in respect of VAT, Service Tax, Customs Duty, Income-tax and other Statutory dues were outstanding at the year end for a period of more than six months from the date they became payable.
12. As the company is yet to start its operation, the question of accumulated loss does not arise.

13. Based on out checks, and information given by the management, we are of the opinion that the company has not defaulted in repayment of dues to any bank or financial institution. The company has no debenture holders.
14. No loans or advances have been granted by the Company by way of pledge of shares, debentures or other securities.
15. Contents of Paragraph 4(xiii) of the Order (first part) are not relevant to the Company.
16. Contents of Paragraph 4(xiii), (second part) of the Order are not relevant to the Company.
17. The Company is not dealing or trading in any shares, securities, debentures or other investments.
18. The Company has not given any guarantees for loans taken by others from banks and financial institutions.
19. The Term Loans obtained by the Company are being utilized for the purpose for they have been sanctioned.
20. Funds raised for Long Term uses have been utilized for long term purposes only.
21. No preferential allotment of shares has been made by the Company.
22. No debentures have been issued by the Company.
23. The Company has not raised money through public issues.
24. According to the information and explanations given to us, no fraud has been noticed or reported during the year under audit.

NOTE 17: Additional Information to the Financial Statements

1. Revised Project Cost

In view of time and cost overrun, the company has revised the project cost from initially ₹ 5,460.61 Cr to ₹ 8,920 Cr and schedule of completion from April 2012 to December 2013. Accordingly necessary approval from CCEA has been communicated by the Ministry of Chemicals and Fertilizer, Govt. of India vide its letter no F. No. 45012/23/10-PC-I dated 2nd December 2011.

2. Preparation of Profit & Loss Account as per revised schedule VI

The company is in construction stage and no commercial activities have been started from the date of incorporation i.e. 08.01.2007 to 31.03.2012. Keeping in view the requirement of revised schedule VI and Companies Act 1956, a "NIL" profit and loss account has been prepared. It is also relevant to note that incidental expenditure during construction pending allocation to Fixed Assets on capitalization has been treated under "Other Non Current Assets".

3. Previous year's figures

The Revised Schedule VI has become effective from 1 April, 2011 for the preparation of financial statements. This has significantly impacted the disclosure and presentation made in the financial statements. Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

4. Claim of Work Contract Tax from Govt. of Assam

Details of claim as under

Significant Accounting Policies

as at 31-03-2012

1. Basis of accounting and preparation of Financial Statements

a) Accounting Convention

The financial statements as per Revised Schedules VI are prepared under the historical cost convention, ongoing concern concept, in accordance with the Generally Accepted Accounting Principles, the Provisions of the Companies Act, 1956 and in compliance with the Accounting Standards issued by the Institute of Chartered Accountants of India. Accounting policies not specifically referred to otherwise, are consistent and in consonance with the generally accepted accounting principles. As a landmark change the requirement of Revised Schedule VI for Financial Reporting System are subordinated to the provisions of Companies Act and accounting standards. Schedule VI shall stand modified according to changes in accounting standards. – Disclosures required by ASs and by the law to be made by way of notes, unless required on the face of the financial statements.

b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of asset and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements. Examples of such estimates include estimated useful life of fixed assets and estimated useful life of leased assets. Actual results could differ from these estimates.

2. Inventories

- a) Raw materials and Finished products are valued at cost or net realizable value, whichever is lower. Finished products include excise duty and royalty wherever applicable.
- b) Stock in process is valued at cost or net realizable value, whichever is lower. It is valued at cost where the finished products in which these are to be incorporated are expected to be sold at or above cost.
- c) Stores and spare and other material for use in production of inventories are valued at weighted average cost or net realizable value, whichever is lower. It is valued at weighted average cost where the finished products in which they will be incorporated are expected to be sold at/or above cost.
- d) Surplus/Obsolete Stores and Spares are valued at lower of cost or net realizable value whichever is lower.
- e) Surplus/Obsolete Capital Stores, other than held for use in construction of a capital asset, are valued at lower of cost or net realizable value.
- f) All issues of Project Materials to Contractors for use in Capital Jobs are valued at weighted average cost.

3. Fixed Assets, Capital Work-in-Progress & Depreciation /Amortisation

a) Fixed Assets

Fixed Assets are valued at historical cost on consistent basis inclusive of incidental expenses related thereto. In the case of commissioned assets, where final payments to the contractors is pending, capitalization is made on provisional basis, including provisional liability pending approval of the Competent Authority, subject to necessary adjustment in cost and depreciation in the year of settlement.

Machinery spares, which can be used only in connection with an item of fixed asset and their use is expected to be irregular, will be capitalized with the cost of that fixed asset and will be depreciated fully over the remaining useful life of that asset.

Asset acquired out of Government Grants are capitalized, by way of corresponding credit to Capital Reserves.

b) Intangible Assets

Assets like software, licenses and right of use of land including crop compensation in course of acquiring such ROU which are expected to provide future enduring benefits will be capitalized as Intangible Assets.

c) Capital Work-in-Progress

The Capital Work-in-progress includes PMC Fees /advance for capital goods/materials in Transit /value of materials/equipment etc received at site for use in the projects.

d) Expenditure incurred during construction period

All revenue expenditure incurred during the construction period, which are, directly or indirectly attributable to acquisition/construction of specific fixed assets, will be capitalised at the time of commissioning of such assets.

e) Depreciation / Amortization

Depreciation on fixed assets, other than those mentioned below is provided in accordance with the rates as specified in Schedule XIV of the Companies Act'1956 on Written Down Value (WDV) on pro-rata basis (Monthly pro-rata for bought out assets).

- i. Assets costing upto ₹ 5,000 are depreciated fully in the year of capitalization.
- ii. Bunk Houses are depreciated on assumption of five years life.
- iii. Cost of the leasehold land is amortized over the lease period of 30 years.
- iv. Capital expenditure on the assets, the ownership of which are not with the company, and referred to as enabling facilities are shown separately under the heading "Capital Expenditure-Enabling Facilities". These assets will be amortized over useful life of the assets from the date from which they are put into use.
- v. Intangible assets will be amortized equally over period of five years from the date of recognition.
- vi. Depreciation due to price adjustments on account of foreign exchange rate variations or otherwise in the original cost of fixed assets will be charged with the prospective effect.
- vii. Indirect expenses incurred during the construction period which are not related to the construction activity nor are incidental thereto, will be treated as deferred revenue expenditure and written off to revenue within a period of five years after the commencement of production.

4. Borrowing Costs

Borrowing cost of the funds that are attributable to the acquisition or construction of qualifying assets are capitalized as a part of the cost of such assets. The same will be capitalized up to the date when the asset is ready for use, after netting off any income earned on temporary investment of such funds.

5. Foreign Currency Transaction

- a) Foreign currency transactions are recorded at the rate of exchange prevailing on the date of transaction.
- b) All exchange differences are dealt with as per Accounting Standard 11 and Revised schedule VI requirements of the Companies Act'1956.
- c) Monetary items (such as Cash, Receivables, Loans, Payables etc) denominated in foreign currencies, outstanding at the year end, are translated at exchange rates (BC Selling rate for Payables and TT buying rate for Receivables) prevailing at year end.

- d) Non monetary items (such as Investments, Fixed Assets etc) denominated in foreign currencies are accounted at the exchange rate prevailing on the date of transaction(s).
- e) Any gains or loss arising on account of exchange difference either on settlement or on translation is accounted for.

6. Capital grants by Government of India

Non refundable Government Grants in the nature of promoters' contribution are credited to capital reserve and are treated as part of shareholders' funds.

7. Employee benefits

- a) All short term employee benefits are recognized at their undiscounted amount in the accounting period in which they are incurred.
- b) Employees Benefits under Defined Contribution Plan in respect of Provident Fund is recognized based on the undiscounted obligation of the company towards contribution to the fund. The same is paid to the provident fund account with the Regional Commissioners of P.F.
- c) Expenses and liabilities in respect of employee benefits are recorded in accordance with Revised Accounting Standard -15 - Employee Benefits (revised 2005) issued by ICAI.

8. Taxes on Income

- a) Provision for Tax during the construction period is made on interest earned on investments during the construction period, which, is treated for tax purposes as "Income from other Sources". Such provision has been debited under the head IEDC-Interest on STDRs.
- b) On commissioning, the company will be eligible for tax incentives under section 80IE of the Income Tax Act, 1961, and will be liable to MAT only under section 115JB of the said Act.

9. Preliminary Expenses

The qualifying preliminary expenditure incurred in connection with the setting up of the business and the new industrial unit are amortized equally over period of five years after plant is ready for commercial production.

10. Impairment of assets

If the carrying amount of the fixed assets exceeds the recoverable amount on the reporting date, the carrying amount is reduced to the recoverable amount. The recoverable amount is measured as the higher of the net selling price and the value in use determined by the present value of the estimated future cash flows.

11. Provisions, contingencies & Capital Commitments

- a) Provisions are recognized when there is present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.
- b) Liabilities for expenses are recognized only when such liabilities exceed ₹ 0.10 Lakhs.
- c) Contingent assets are neither recognized nor disclosed in the financial statements. Contingent liabilities exceeding ₹ 5.00 Lakhs in each case are disclosed by way of notes to accounts.
- d) Estimated amount of contracts remaining to be executed on capital accounts are disclosed in each case above ₹ 5.00 Lakhs.

12. Segmental Reporting

The Company has only one segment; hence there are no reportable segments under Accounting Standards 17 "Segment Reporting" of the Companies (Accounting Standard) Rules, 2006.

13.General

- a) Prepaid expenses and prior period expenses/income upto ₹ 1.00 lakh in each case will be charged to relevant heads of account of the current year.
- b) Liquidated damages, if any, will be accounted for as and when recovery is effected and the matter is considered settled by the Management. Liquidated damages, if settled after capitalization of the assets are charged to revenue, if below ₹ 50.00 lakhs in each case otherwise adjusted in the cost of the relevant assets.
- c) Insurance claims will be accounted for on the basis of claims admitted by the insurers.
- d) Custom duty and other claims (including interest on delayed payments) will be accounted for on acceptance in principle.
